

EXPERTISE DENTAL

Cosmetic Case Timeline

We are so happy that you are on your way to excellent oral health. We are grateful that you are considering us to help you get there. For us to accomplish your goals, here is a breakdown of what the doctor recommends:

_____ **VISIT 1: Invisalign Delivery**- This will be a 1-hour appointment delivering your first set of trays and buttons, if needed. You will receive about 1/3 of your trays at this visit.

_____ **VISIT 2: Records** - At this appointment, we will capture all necessary photos, videos, and digital scans used by the doctor and our lab to design your personalized smile. Full payment is required at the start of the appointment.

_____ **VISIT 3: Pre-Op** - This is a 15-minute consultation with your designated assistant and care coordinator finalizing your paperwork and prescriptions 1 week prior to your prep appointment.

_____ **VISIT 4: Provisional Crowns/Veneers Placement "Prep"** - This appointment varies in length depending on your personalized treatment plan. (Arrives approximately 4-6 weeks after the records appointment)
The doctor may provide prescriptions for medication to take at this appointment to make your appointment comfortable. You will wear these provisional crowns/veneers for 1-2 weeks, or until you are comfortable with the size, color, and fit.

_____ **VISIT 5: Post-Op Visit** - This 30-60 minute appointment ensures that your bite is comfortable and that you are ready to proceed with your case. With approval from both you and the doctor, the lab will be instructed to fabricate your permanent crowns or veneers, replicating the shape and contours of your current provisionals.

_____ **VISIT 7: Permanent Crowns/Veneers Placement "Seat"** - This appointment varies in length depending on your personalized treatment plan. (Arrives approximately 6-8 weeks after the provisional approval appointment.

- The doctor may provide prescriptions for medication to take at this appointment to make your appointment comfortable.
- If the doctor deems it necessary, a new digital scan will be taken to fabricate an occlusal guard/or retainer that will be worn when you clench/grind, to protect your new smile and ensure its warranty for 5 years.

_____ **VISIT 8: Delivery of Occlusal Guard/Retainer, Final Check, and Celebration Photos!**

- We want you to love your new smile and feel confident. This is a 30-minute appointment celebrating you with a personal professional photoshoot.
